

Dumping Commodity Register

Aluminium Road Wheels Exported from the People's Republic of China

Document release date	Brief description of change(s)
4 June 2015	Redesign of DCR
11 August 2015	Updated as per ADN 2015/94
22 October 2015	Review of Measures ADN 2015/113
5 May 2017	Addition of securities for Qinhuangdao Sinolion Wheels Co., Ltd
5 July 2017	Continuation of Measures as per ADN 2017/75
31 July 2017	Addition of Goods in Transit DSN Addition of securities for exporter
16 August 2017	Addition of Exemption Instrument
21 August 2017	Addition of dumping duties for Qinhuangdao Sinolion Wheels Co., Ltd
21 November 2017	Addition of dumping duties for Lianyungang Yohun-Tech Alloy Co. Ltd
01 December 2017	Amendments to manufacturer/supplier list
04 December 2017	Amendments to manufacturer/supplier list
02 March 2018	Amendments to manufacturer/supplier list

Note:

DCRs notify the outcomes of finalised investigations and should be read in conjunction with any relevant current investigations, such as reviews and inquiries. Please refer to the [Cases](#) page on the website to locate any current information for this commodity.

Contents

1. What countries do measures apply to?	3

7. What DSN do I use on the import declaration for my imported goods and what are the rates for my exporter?	6
8. Which exporters and associated suppliers are considered residual exporters/suppliers?	8
9. How do I find out the confidential rate and ascertained export price for my exporter?	9
10. Are there any exporters exempt from anti-dumping measures?	9
11. How long are the measures in place for?.....	9
12. What tariff classifications and statistical codes are covered by the anti-dumping measures?	10
13. What are the duty assessment importation and application period dates?	10

Question	Response
1. What countries do measures apply to?	<p>On 5 July 2017, anti-dumping measures in the form of interim dumping duties (IDD) and were continued on aluminium road wheels (ARW) exported from the People’s Republic of China (China), except for exports by Zhejiang Shuguang Industrial Co Ltd (PDW) and Citic Dicastal Co Ltd (CITIC).</p> <p>Anti-dumping measures in the form of interim countervailing duties (ICD) have also been imposed on ARWs exported from China, except for exports by PDW, CITIC and Jiangsu Yaozhong Aluminium Wheels (JYA).</p> <p>For more information please refer to the Final Report REP 378 and ADN 2017/75.</p>
2. What types of ARW are subject to anti-dumping measures?	<p>The ‘description of goods’ subject to measures are: ARWs for passenger motor vehicles; including wheels used for caravans and trailers, in diameters ranging from 13 inch to 22 inch and finished or semi-finished whether un-painted, painted, chrome plated or forged or with or without tyres.</p> <p>The following description is <i>excluded</i> from measures, exemption type “GOODS” applies: Aluminium wheels for go-karts and All-Terrain Vehicles (“ATVs”).</p> <p><u>Ministerial Exemption Instrument No 9 of 2017</u> IDD and ICD do not apply to goods subject to Tariff Concession Order (TCO) 9314927 with an effective date of 23 December 2016.</p> <ul style="list-style-type: none"> • Wheels, forged aluminium, having a rim diameter exceeding 445 mm. <p>For more information about the description of the goods subject to measures, please refer to the Final Report REP 378.</p> <p><u>Please Note:</u></p> <ol style="list-style-type: none"> 1. When importing goods into the country importers are required to self-assess whether the imported goods meet the goods description outlined above and whether anti-dumping measures apply. 2. The Anti-Dumping Commission is not in a position to provide advice on whether certain goods meet the description above. 3. The use of exemption types is subject to monitoring by the Anti-Dumping Commission (the Commission) and the Department of Immigration and Border Protection (DIBP).

<p>3. How much Interim Dumping Duties (IDD) and Interim Countervailing Duties (ICD) will an importer have to pay?</p>	<p><u>IDD – all exporters (except PDW, CITIC and Taian Qicheng Wheel Manufacturing Co. Ltd)</u></p> <p>IDD is in the form of a fixed and variable measure. The total IDD liability is calculated as follows:</p> <ul style="list-style-type: none"> • fixed component of IDD: dumping export price (DXP) or ascertained export price (AEP), whichever is the greatest, multiplied by the applicable IDD ad valorem duty rate; plus • variable component of IDD: the amount, if any, by which the DXP is lower than the AEP. <p><u>IDD – Taian Qicheng Wheel Manufacturing Co. Ltd & Qinhuangdao Sinolion Wheel Co., Ltd</u></p> <p>IDD is in the form of a floor price measure. The total IDD liability is the amount, if any, by which the DXP is lower than the normal value (NV).</p> <p><u>ICD – all exporters (except PDW, CITIC and JYA)</u></p> <p>The ICD liability is calculated by multiplying the DXP by the ICD ad valorem duty rate.</p>
<p>4. Example of how to calculate the IDD and ICD liability</p>	<p><u>Fixed and variable measures</u></p> <p>The following is an example of how to calculate the IDD and ICD liability of a fixed and variable measure.</p> <ul style="list-style-type: none"> • DXP = AUD \$1,000 (Free-On-Board (FOB), cash) • AEP = AUD \$2,000 (FOB, cash) • IDD ad valorem rate = 10% • ICD ad valorem rate = 15% <p><u>IDD liability</u></p> <p><u>Fixed component of IDD:</u> The higher of the DXP (\$1,000) or AEP (\$2,000) multiplied by the IDD ad valorem rate (10%) \$2,000 (AEP) x 10% = \$200</p> <p><u>Variable component of IDD:</u> The amount, if any, by which the DXP (\$1,000) is lower than the AEP (\$2,000) \$2,000 - \$1,000 = \$1,000</p> <p>Total IDD liability: \$1,200 (\$200 + \$1,000)</p> <p>ICD liability: The DXP (\$1,000) multiplied by the ICD ad valorem rate (15%): \$1,000 x 15% = \$150</p>

<p>4. Example of how to calculate the IDD and ICD liability (continued)</p>	<p>Floor Price measures</p> <p>The following is an example of how to calculate the IDD liability of a floor price measure.</p> <ul style="list-style-type: none"> • DXP = AUD \$1,000 (Free-On-Board (FOB), cash) • NV = AUD \$2,000 (FOB, cash) <p>IDD liability: The amount, if any, by which the DXP (\$1,000), is lower than the NV (\$2,000): $\\$2,000 - \\$1,000 \text{ (DXP)} = \\$1,000$</p>
<p>5. What is the dumping export price (DXP) and how do I calculate it?</p>	<p>The DXP refers to the actual export price of the exported goods. The DXP should reflect the total export (invoice) price of the goods being entered, not the unit price of the goods.</p> <p>The DXP should be recorded on the relevant Full Import Declaration for the goods in the same terms as the export terms for the goods. Calculating the DXP may involve adjusting the actual export invoice price of the goods to the terms specified.</p> <p>For example, if the AEP terms are “FOB, cash” and the actual invoice terms of the goods are “CIF, 60 days, packed”, the following adjustments will need to be made in order to calculate the DXP at FOB, cash level.</p> <ul style="list-style-type: none"> • step 1 - an adjustment for interest on credit terms will need to be made; and • step 2 - the overseas freight and insurance components will need to be subtracted from the export invoice price. <p>Where suitable evidence cannot be proffered by the importer of the interest rate, then 1.0% per month (0.033% per day) should be applied to the actual invoice price credit terms.</p> <p>An example of adjusting for credit and incoterms is provided below:</p> <ul style="list-style-type: none"> • Invoice terms = CIF, 60 days • Specified terms = FOB, cash • Export price - invoice amount = \$1,000 • Marine insurance and ocean freight amount = \$100 <p>Step 1 - adjust for credit terms</p> <ol style="list-style-type: none"> 1. 1% per month interest rate should be applied to the invoiced price credit terms (i.e. 30 days = 1%) 2. If the invoiced CIF, 60 days price is \$1,000, then the CIF, cash price = \$980 (\$1,000 less 2%) <p>Step 2 - adjust for incoterms</p> <ol style="list-style-type: none"> 3. Adjust for freight and insurance to calculate DXP at FOB, cash equivalent 4. CIF, cash price of \$980 minus freight and insurance amount of \$100 = \$880 5. The DXP price = \$880 FOB, cash <p>For further instructions/examples on how to calculate the DXP, please refer to the Anti-Dumping Commission website.</p>

<p>6. What information is needed to complete an import declaration for goods subject to measures?</p>	<p>The information required by an importer or Customs broker to complete an import declaration for goods subject to IDD is:</p> <ul style="list-style-type: none"> • DXP; • Dumping Specification Number (DSN) or exemption type (where appropriate); • Country (this is usually country of origin or export country); • Tariff classification and statistical code; • Exporter / supplier; and • Quantity. <p>Please see below to determine which DSN applies to the exporter of your goods.</p> <p>Advice on how to complete an import declaration for goods subject to measures is available on the Anti-Dumping Commission website</p>																																																
<p>7. What DSN do I use on the import declaration for my imported goods and what are the rates for my exporter?</p>	<p>The following DSNs apply to goods exported from China and entered for home consumption on or after 5 July 2017.</p> <table border="1" data-bbox="488 671 2074 1442"> <thead> <tr> <th>Exporter</th> <th>CCID</th> <th>Description</th> <th>Measure</th> <th>Effective Rate of Duty</th> <th>Ascertained Export Price</th> <th>Export Terms</th> <th>DSN</th> </tr> </thead> <tbody> <tr> <td colspan="8">China</td> </tr> <tr> <td><u>Citic Dicastal Co Ltd</u> formerly known as: <u>Citic Dicastal Wheel Manufacturing Co Ltd</u></td> <td>CER7774766N CCX6347749L CCF3764347G CCC6996633N CCR4499349L</td> <td>All types</td> <td></td> <td></td> <td></td> <td>Exempt</td> <td></td> </tr> <tr> <td><u>Zhejiang Shuguang Industrial Co Ltd</u> also known as: <u>PDW International</u> supplied directly by PDW; or <u>Zhejiang PDW Industrial Co., Ltd</u></td> <td>CEA4749799E CCL6673999E CEG9949976R CEF6747343G CFM6337779X</td> <td>All types</td> <td></td> <td></td> <td></td> <td>Exempt</td> <td></td> </tr> <tr> <td><u>Jiangsu Yaozhong Aluminium Wheels (JYA)</u> supplied directly or through: <u>Shanghai Arius Motor Co LTD</u>; or <u>San Rota Trading Co Ltd</u></td> <td>CEH6949337W CFG3464367W</td> <td>All types</td> <td>IDD Only</td> <td>60.2%</td> <td>Confidential</td> <td>FOB, cash</td> <td>258</td> </tr> <tr> <td><u>Zhejiang Yueling Co LTD</u> supplied directly or through: <u>Rota Oriens Co LTD</u>; or <u>Hangzhou Tita Group Limited (Tita)</u>; or <u>Shenzhou Yuntong Co. 	Zhejiang Jujiu Hub Co. Ltd	Same	CCX4739666L
	Zhejiang Lioho Light Metal Machinery Co., Ltd	Same	CFM3967443L
	Zhejiang Tailong Aluminium Wheel Co. Ltd	Zhejiang Tailong Technology Co. Ltd; or Shenzhou Yuntong Co Ltd	CCG67431744E CFE3476373W CCY3644697N
	Zhejiang Xinghui Aluminium Wheel Co. Ltd	Same	CFC3447643W

<p>9. How do I find out the confidential rate and ascertained export price for my exporter?</p>	<p>The IDD and ICD ad valorem rate and the AEP for each DSN are considered confidential and will not be published.</p> <p>Importers of these goods may be provided with the confidential IDD ad valorem rate and the AEP, however the onus is on the importer to substantiate their commercial relationship with an exporter/supplier of their goods by providing evidence of:</p> <ul style="list-style-type: none"> • A previous trading history with a nominated exporter/supplier of the goods. Evidence of a trading history would take the form of at least commercial invoices, packing list and bills of lading from previous shipments. Additional documentation may be requested by the Commission; or • In the absence of a trading history, an offer or a quotation from an exporter/supplier of goods subject to dumping/countervailing measures. The offer or quotation must be on the exporter/supplier's company letterhead – emails will not generally be accepted. <p>Requests and evidence should be sent to clientsupport@adcommission.gov.au</p> <p>Please note:</p> <ol style="list-style-type: none"> 1. Any requests for the confidential information that do not include sufficient evidence as outlined above will be rejected. 2. Only as much of the confidential information as is necessary to enter the goods will be provided. <p>The ABF will conduct monitoring of imports subject to anti-dumping measures consistent with its published policy.</p>
<p>10. Are there any exporters exempt from anti-dumping measures?</p>	<p>All exporters and suppliers of ARWs from China are subject to IDD except PDW and CITIC.</p> <p>All exporters and suppliers of ARWs from China are subject to ICD except PDW, CITIC and JYA.</p> <p>The 'all other exporters' rate of IDD and ICD will apply to exported goods unless an importer has evidence that the goods are being supplied either directly by a named exporter or through a linked supplier.</p>
<p>11. How long are the measures in place for?</p>	<p>The measures have been imposed for five years, unless revoked earlier.</p> <p>In the case of ARWs from China the measures are in place until 4 July 2022.</p>

<p>12. What tariff classifications and statistical codes are covered by the anti-dumping measures?</p>	<p>Goods subject to measures should be classified using the tariff sub-headings and associated statistical codes below:</p> <table border="1" data-bbox="696 233 1355 392"> <thead> <tr> <th>Tariff subheading</th> <th>Statistical code</th> </tr> </thead> <tbody> <tr> <td>8708.70.91</td> <td>78</td> </tr> <tr> <td>8708.70.99</td> <td>80</td> </tr> <tr> <td>8716.90.00</td> <td>39</td> </tr> </tbody> </table> <p>Where importers are unclear on the correct tariff classification of their goods, it is recommended they contact the DIBP on 131 881 for further advice.</p>	Tariff subheading	Statistical code	8708.70.91	78	8708.70.99	80	8716.90.00	39																
Tariff subheading	Statistical code																								
8708.70.91	78																								
8708.70.99	80																								
8716.90.00	39																								
<p>13. What are the duty assessment importation and application period dates?</p>	<p>An importer of goods on which an IDD has been paid, may lodge an application with the Commissioner requesting that the Parliamentary Secretary make an assessment of the final liability of those goods to duty.</p> <p>This usually occurs when an importer considers that the IDD paid in respect of goods exceed the total amount payable (i.e. importers consider they are entitled to a refund of duties). In relation to IDD, an importer may consider that the dumping margin for the goods is now less than it was during the investigation period, or that its exporter is no longer dumping, and as a result it has paid more duty than it should have paid.</p> <p>There are a series of time frames fixed by legislation that govern the duty assessment system (referred to as importation periods). The duty assessment importation periods and application dates for ARWs from China are as follows:</p> <table border="1" data-bbox="562 898 1525 1347"> <thead> <tr> <th>Importation Period</th> <th>Application Period</th> </tr> </thead> <tbody> <tr> <td>5 January 2017 – 4 July 2017</td> <td>5 July 2017 – 4 January 2018</td> </tr> <tr> <td>5 July 2017 – 4 January 2018</td> <td>5 January 2018 – 4 July 2018</td> </tr> <tr> <td>5 January 2018 – 4 July 2018</td> <td>5 July 2018 – 4 January 2019</td> </tr> <tr> <td>5 July 2018 – 4 January 2019</td> <td>5 January 2019 – 4 July 2019</td> </tr> <tr> <td>5 January 2019 – 4 July 2019</td> <td>5 July 2019 – 4 January 2020</td> </tr> <tr> <td>5 July 2019 – 4 January 2020</td> <td>5 January 2020 – 4 July 2020</td> </tr> <tr> <td>5 January 2020 – 4 July 2020</td> <td>5 July 2020 – 4 January 2021</td> </tr> <tr> <td>5 July 2020 – 4 January 2021</td> <td>5 January 2021 – 4 July 2021</td> </tr> <tr> <td>5 January 2021 – 4 July 2021</td> <td>5 July 2021 – 4 January 2022</td> </tr> <tr> <td>5 July 2021 – 4 January 2022</td> <td>5 January 2022 – 4 July 2022</td> </tr> <tr> <td>5 January 2022 – 4 July 2022</td> <td>5 July 2022 – 4 January 2023</td> </tr> </tbody> </table> <p>More information about duty assessments is available on the Anti-Dumping Commission website.</p>	Importation Period	Application Period	5 January 2017 – 4 July 2017	5 July 2017 – 4 January 2018	5 July 2017 – 4 January 2018	5 January 2018 – 4 July 2018	5 January 2018 – 4 July 2018	5 July 2018 – 4 January 2019	5 July 2018 – 4 January 2019	5 January 2019 – 4 July 2019	5 January 2019 – 4 July 2019	5 July 2019 – 4 January 2020	5 July 2019 – 4 January 2020	5 January 2020 – 4 July 2020	5 January 2020 – 4 July 2020	5 July 2020 – 4 January 2021	5 July 2020 – 4 January 2021	5 January 2021 – 4 July 2021	5 January 2021 – 4 July 2021	5 July 2021 – 4 January 2022	5 July 2021 – 4 January 2022	5 January 2022 – 4 July 2022	5 January 2022 – 4 July 2022	5 July 2022 – 4 January 2023
