Australian Customs Dumping Notice No. 2000/41

CUSTOMS ACT 1901 - PART XVB

FINDINGS IN THE REVIEW OF ANTI-DUMPING MEASURES APPLYING TO CERTAIN COATED PAPER EXPORTED TO AUSTRALIA FROM JAPAN

Customs has completed its review of measures applying to exports of woodfree ($\leq 10\%$ mechanical pulp content) white papers, coated both sides and sold in sheets with a nominal weight from 75-150 grams per square metre (coated paper) from Japan. The review commenced on 29 October 1999.

The Minister for Justice and Customs accepted Customs recommendations and as a result the existing operative measures for all grades of coated paper will either decrease or not change. The new levels apply to coated paper entered for home consumption on and after 31 August 2000. The notice signed by the minister was published in the *Commonwealth of Australia Gazette* and *The Australian Financial Review* on 12 September 2000.

As normal values and non-injurious prices reveal confidential details of the companies concerned and publication of these figures may adversely affect the business or commercial interests of certain interested parties, they will not be published.

Bona fide importers of the goods can obtain details of the new rates from the Dumping Liaison Officer of Customs in their respective capital city.

Customs Report No. 18 will be sent to all interested parties that participated in the review. Requests for additional copies of the report may be directed to the Trade Measures Branch, Canberra on telephone number (02) 6275 6057 or facsimile (02) 6275 6990. The report is also available on the internet at:

<http://www.customs.gov.au/notices/reports/report18.htm>

Other enquiries regarding these changes may be directed to Graham Cruttenden, Operations 3, on telephone (02) 6275 6014 or on facsimile (02) 6275 6990.
