Australian Customs Dumping Notice
No. 2000/049

CUSTOMS ACT 1901 - PART XV B

**INITIATION OF AN INVESTIGATION
INTO THE ALLEGED DUMPING OF CERTAIN COPPER TUBE
FROM THE REPUBLIC OF KOREA**

The application

The Australian Customs Service has initiated an investigation into an application lodged by Terry O'Neill & Associates Pty Ltd on behalf of Kembla Tube & Fittings for a dumping duty notice in respect of certain copper tube exported to Australia from the Republic of Korea (Korea).

The application alleges that the goods have been exported to Australia at prices less than the normal values and that the dumping has caused material injury to the Australian industry through:

- price undercutting;
- price depression;
- price suppression;
- lost profits and reduced profitability; and
- lost sales.

The public version of the application, available to interested parties on request, contains the basis of the alleged dumping.

A notice under subsection 269TC(4) of the *Customs Act 1901* advising initiation of this investigation was published in the *Financial Review* on 19 October 2000. Interested parties are invited to provide written submissions in response to that notice.

The goods

The goods under investigation are round seamless copper tube complying with AS 1432 Type B, with an outer diameter between 6 mm and 203 mm and wall thickness between 0.61 mm and 2.03 mm, continuously marked in accordance with Clause 14.3 of AS 1432, other than in coils.

The goods are classified to subheading 7411.10.00 of the *Customs Tariff Act 1995*, statistical code 11. The duty rate for Korea is 4%.

Investigation process

The investigation period is 1 October 1999 to 30 September 2000. Customs will examine exports to Australia of the goods under consideration during that period to determine whether dumping has occurred. Customs will examine details of the Australian market for the period April 1998 to September 2000.

Customs must consider whether:

- the export price of goods that have already been exported to Australia is less than the normal value of those goods; and
- the export price of the goods that may be exported to Australia in the future may be less than the normal value of the goods; and
- because of that, material injury to the Australian industry producing like goods has been caused and is likely to continue.

Lodgement of submissions

Interested parties are advised to lodge submissions no later than the close of business on 28 November 2000, addressed to:

The Director
Trade Measures, Operations 5
Australian Customs Service
Customs House
5 Constitution Avenue
CANBERRA ACT 2601

Interested parties may be granted an extension of time for lodgement of a submission, provided the request is in writing and is reasonable and practical given the circumstances. Parties responding by the specified date will have an opportunity to lodge supplementary submissions in reply to matters raised by other parties. The due date for any supplementary submissions is 13 December 2000.

All interested parties wishing to participate in the investigation must ensure that submissions are lodged promptly. The legislation confers upon Customs the power to disregard submissions received after specified periods if there is insufficient time remaining for their proper consideration.

Confidential submissions

Submissions lodged in confidence must be clearly marked "confidential". In addition, two non-confidential copies of the submission must be provided.

Section 269ZJ of the *Customs Act 1901* requires that if a person claims information is confidential, or claims that publication of the information would adversely affect their business, that person:

- must provide a summary containing sufficient detail to allow a reasonable understanding of the substance of the information, or
- must satisfy the CEO of Customs that there is no way such a summary can be given to allow a reasonable understanding of the substance of the information.

The attention of interested parties is also drawn to the World Trade Organization Anti-Dumping Agreement, Article 6.5.2, which states:

If the authorities find that a request for confidentiality is not warranted and if the supplier of the information is either unwilling to make the information public or to authorise its disclosure in generalised or summary form, the authorities may disregard such information unless it can be demonstrated to their satisfaction from appropriate sources that the information is correct.

This provision is reflected in s. 269ZJ of the Customs Act.

Non-confidential submissions held on public file

Non-confidential submissions, and a copy of relevant correspondence between Customs and other persons, will be made available to interested parties through the public record. The public record may be examined at:

Trade Measures Branch
Customs House
5 Constitution Avenue
CANBERRA ACT 2601

To access the public record, contact Mr Phil Hilyard on telephone number (02) 6275 6057.

A preliminary affirmative determination may be made not less than 60 days from the date of initiation. Provisional measures may be imposed after the preliminary determination has been made.

Statement of essential facts

A statement of essential facts will be placed on the public record by 6 February 2001 (or by such later date as the Minister may allow in accordance with s. 269ZH). That statement will invite interested parties to respond, within 20 days, to the issues raised therein.

Report to the Minister

Submissions received in response to the statement will be taken into account in compiling the report and recommendation to the Minister. The report to the Minister is due within 45 days after the statement of essential facts is issued (ie 23 March 2001).
